

# LEGIONELLA RISK ASSESSMENT AQUACHECK PROGRAM

**AquaCheck provides a detailed water safety assessment, helping hotels, hospitality and food businesses manage risks related to water quality.**

**This service includes advisory, water sampling, testing, and compliance auditing based on international safety standards and best practices.**

Ensuring safe water for guests, customers, and staff is essential in the hotel, hospitality, and food sectors. Contamination or waterborne illnesses can lead to serious health risks, legal liability, and significant reputational damage.

However, managing water safety comes with its own set of challenges

#### Regulatory Compliance:

Keeping up with changing regulations is challenging, and non-compliance can result in fines, legal issues, or shutdowns.

#### Resource Allocation:

Limited resources or expertise can lead to poor water management and higher contamination risk.

#### Operational Complexity:

Managing multiple water systems with unique risks and requirements makes oversight challenging.

At Intertek Cristal, we understand your water safety challenges, and our AquaCheck services are here to help you overcome them.

Our comprehensive approach includes:

#### Advisory Services:

We offer expert guidance to develop and implement tailored water safety plans.

#### Training:

Our customized training programs equip your staff with the knowledge and skills needed to manage water quality effectively.

#### Auditing:

We conduct thorough assessments of your water systems to identify potential risks and ensure compliance with safety regulations.

#### Certification:

Our certification services validate your compliance with international water safety standards, enhancing your credibility and reassuring your guests.

#### Digital Platform:

The AquaCheck programme is supported by an online management system that provides the tools necessary to address any areas of improvement and coordinate the actions of those responsible for maintaining performance.
